

***My friend has'nt come out of the FIRE sir
I ask for permission to go and get him....***

Said the firefighter to his captain.

Permission denied, said the captain

***I do'nt want you to risk your life for a man
that's maybe allready dead***

*The firefighter didn't obey, and he went in, he was
back after 20 minutes*

*mortally wounded, transporting the body of his
friend*

The officer was furious

***I told you that he was already
dead !!!***

Now tell me....

***It was worth the risk to go in
to the fire and bring his body?***

And the dying fireman responded:

Yes sir:

*He was still alive when I found him,
and he said to me...*

“ I was sure that you would come! ”

***“ A FRIEND IS THE ONE WHO ARRIVES
WHEN ALL THE REST HAVE GONE AWAY ”***
